Certificate of RoHS Compliance

Statement of Compliance

Hampshire Company certifies that, to its knowledge as of the date of this document, all Hampshire microcontroller chips labeled by Hampshire with RoHS Compliant markings, comply with the European Union Directive 2002/95/EC (RoHS Directive). The lowest practical package will indicate compliance status by use of a label stating "RoHS Compliance". The Certificate of Conformance (reverse side of the packing slip) included with the shipment will also indicate the compliance status with a green RoHS stamp and signature of a responsible Hampshire employee.

Hampshire further certifies that all circuit board controllers that are shipped with a RoHS-compliant Certificate of Conformance have been manufactured using all materials and components that comply with the European Union Directive 2002/95/EC (RoHS Directive). Hampshire has verified this compliance from our established contract manufacturers through on-site audits and compliance statements received at the time of manufacture. The Certificate of Conformance (reverse side of the packing slip) included with the shipment indicates the compliance status with a green RoHS stamp and signature of a responsible Hampshire employee.

Sources of Information

RoHS-compliant semiconductor device part numbers may be found on the Hampshire Company web site: www.hampshirecompany.com. Hampshire can also assist you with obtaining materials declarations and product technical information by contacting Hampshire via e-mail or by calling the Milwaukee office.

The text of EU Directive 2002/95/EC may be found at the following web site:

Disclaimers

This certification applies only to Hampshire touch screen controller microcontroller devices of the type in the Statement of Compliance, and is made based on Hampshire's understanding of the European Union Directive 2002/95/EC and on official source documentation received directly from our semiconductor manufacturer.

Hampshire requests that customers specifically order RoHS compliant touch screen controller devices on their purchase orders to assure receipt of only RoHS compliant devices.
